

CHART INSTITUTE

CHART Institute Patient Safety Scholarship

CHART Institute Patient Safety Scholarship is a program designed to enable and encourage healthcare professionals to achieve safer patient outcomes by obtaining certification as a Certified Professional in Patient Safety (CPPS) or Certified Professional in Healthcare Risk Management (CPHRM). Two \$2000 scholarships are awarded annually based on qualifications and interest in the fields of patient safety and risk management.

Scholarship applications must be received by CHART Institute by October 31st. Applications will be reviewed by the CHART Institute Scholarship Panel. Scholarships will be awarded by December 15th.

Eligibility

To qualify for the scholarship program, a professional must meet the following selection criteria:

- ▶ Be a healthcare professional employed at a CHART member hospital
- ▶ Obtain a recommendation from an executive leader at your CHART member hospital
- ▶ Agree to complete all requirements for the selected certification within 18 months
- ▶ Complete application including a plan for completion of the certification requirements for CPPS or CPHRM

Scholarship recipients will submit proof of CPPS or CPHRM certification
